STUDIO

PROFESSIONAL STUDIO MODULAR HEADPHONES

MSRP US\$230 | €230

Highly detailed audio from the signature bio-diaphragm driver ensures a precise and clear audio for your creative process. Enhance comfort from super soft and resilient ear cushions covered in Alcantara®, prevents fatigue through long listening or creative sessions.

Part of the TMA-2 modular headphone system, renowned for its sturdy build and responsible design - 2nd generation of TMA-2 Studio.

Signature AIAIAI sound tuned for clarity and detail

Critically acclaimed sound specifically designed for studio use with a clear and highly detailed sound representation.

Enhanced comfort with Alcantara®

Ultra soft over-ear memory foam cushions covered with resilient, CO2 neutral, and highly comfortable Alcantara® ideal for longer sessions.

Bio-diaphragm speaker for enhanced accuracy

Diaphragm precision-grown from bio-cellulose making it stiffer lighter and stronger than regular PET speaker units.

Responsible modular headphones - designed to last

Upgrade and expand as technology or needs evolve to extend the functional lifetime of the product and create less waste for the planet.

Responsible materials

We continue to innovate and seek out recycled and better materials. From Alcantara® or vegan leather ear-cushions to our speaker units and packaging made from recycled materials. We contribute by reducing our carbon footprint and create less waste for the planet.

What's included?

S05MKII • DETAILED SOUND - BIO-DIAPHRAGM

Engineered with a 40mm speaker diaphragm made from stiff bio-cellulose for more defined high-frequency details, more pronounced mid-range, better dynamics, and more natural tonality.

H04 • HIGH COMFORT - MICROFIBER

High comfort headband with microfiber head padding ideal for longer listening sessions.

E08 • OVER EAR - ALCANTARA®

Ultra soft over-ear memory foam cushion covered with Alcantara®, an aesthetic, functional, and CO2 neutral material. Highly comfortable and ideal for longer listening sessions.

C02 • COILED - 1.5M - ADAPTER

Coiled black 1.5m thermo plastic cable with soft touch surface. Extends up to 3.2m. Perfect for DJing or small studio use. Comes with 1/4 to 1/8 screw-on adapter.

A01 • PROTECTIVE POUCH

Designed to protect your headphones from dust and scratches, the A01 protective pouch is made from soft nylon and features a mesh inside. Fits any TMA-2 and Tracks headphone.
