

A white Sonos Arc Ultra soundbar is mounted on a light-colored wood-paneled wall. Above the soundbar, a television screen displays a scene from a sci-fi movie, showing a character in a grey, textured suit. The soundbar has the 'SONOS' logo embossed on its side. In the bottom right corner, a green Monstera plant is partially visible.

SONOS

### Bar raising innovation

One of the most significant breakthroughs in audio engineering in nearly 100 years, Sound Motion™ packs unprecedented performance in an unbelievably flat, compact design.

Dual force-canceling membranes and four distributed motors unleash low frequencies with virtually no mechanical vibration.

### Beyond immersive

Add a Sonos Sub and Era 300 rear speakers for unparalleled surround sound, with bass you can feel and jaw-dropping detail from every direction.

### Ultra-clear dialogue

Arc Ultra maximizes center channel performance for vocal clarity so you never miss a word. Make dialogue even clearer by choosing your preferred level of Speech Enhancement in the Sonos app.

### Experience Dolby Atmos like never before

With Arc Ultra, Dolby Atmos takes your entertainment to another dimension, enveloping you in a 9.1.4 spatial audio experience.

## Tech Specs

Seven precisely angled silk-dome tweeters create crisp high frequencies and clear dialogue.

Fifteen Class-D digital amplifiers perfectly tuned to the soundbar's unique acoustic architecture.

Six woofers ensure faithful playback of mid-range frequencies.

Sound Motion™, a four-motor, dual-membrane woofer, delivers exceptional bass in a flat, compact design.
