Uniti Star

Document pack

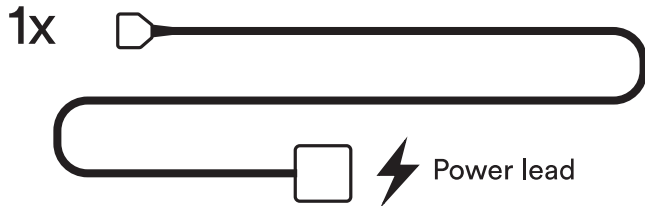

Cleaning cloth

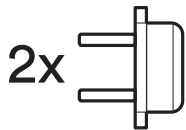

1x Remote handset

AAA batteries

Power lead

Speaker plugs

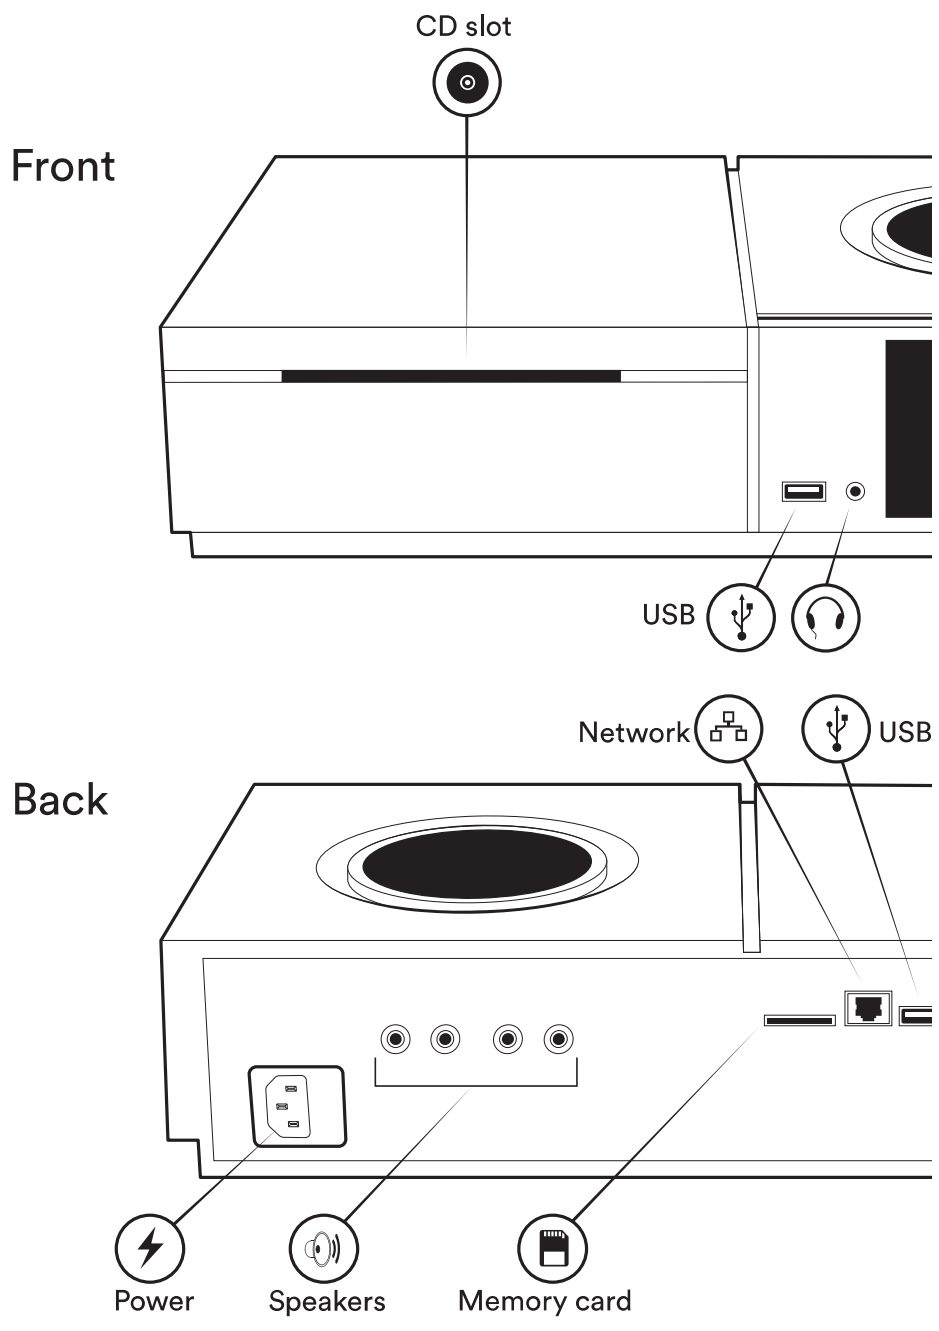

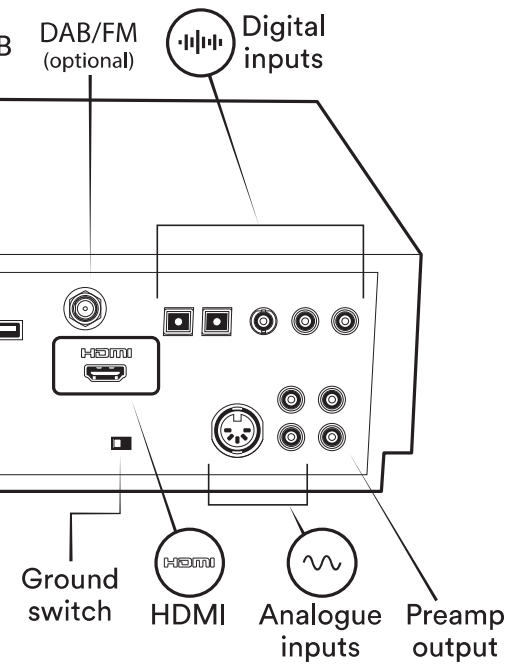

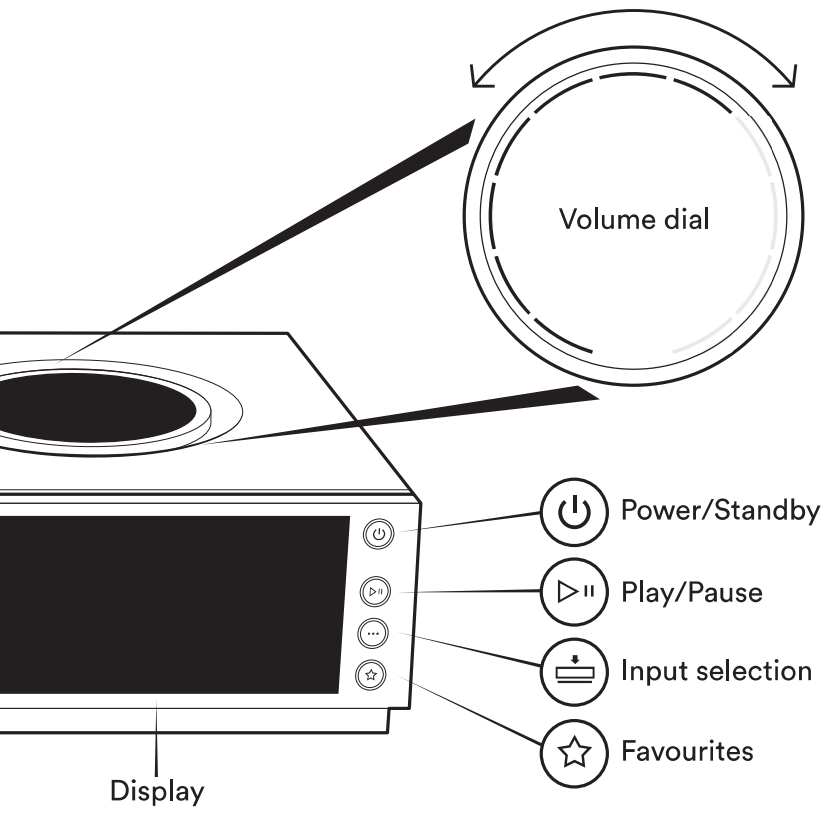

F-Type connector  
(supplied when DAB/FM  
optional module fitted)

# 2

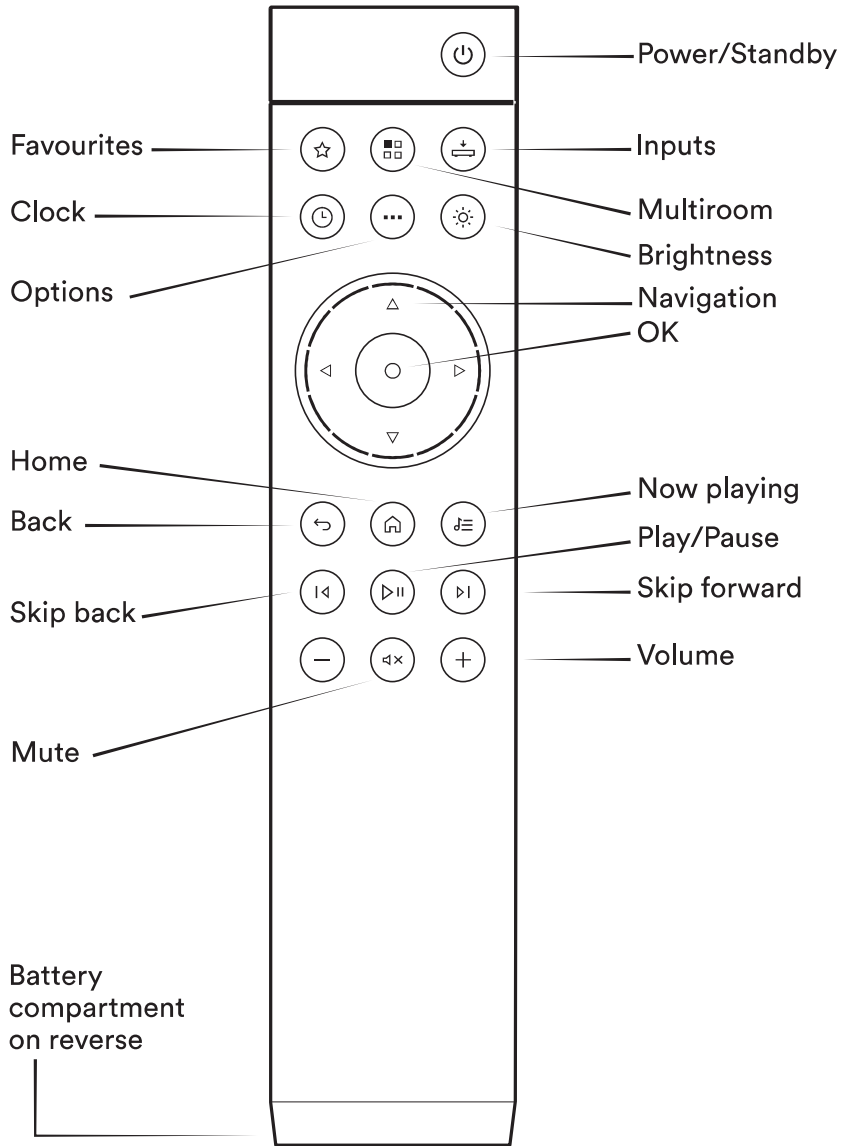

## Get to know your system

Uniti Star is a complete music centre, you'll be listening to more music than ever before. These front and back diagrams show the operational features and sockets.

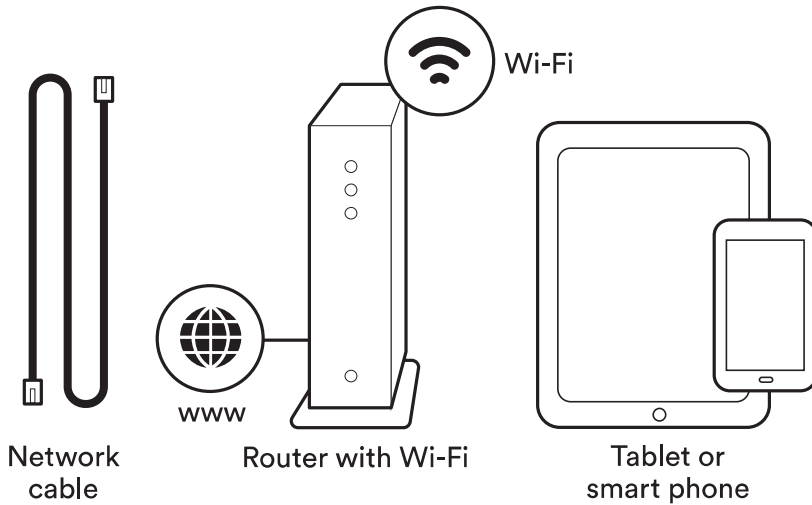

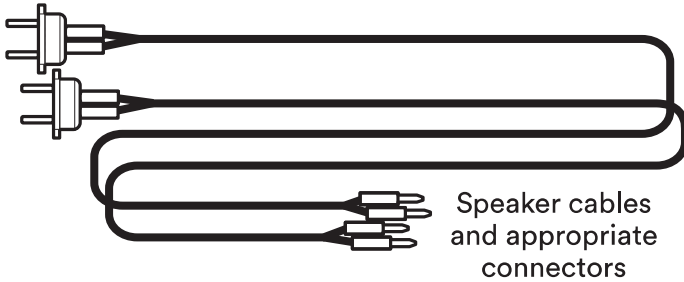

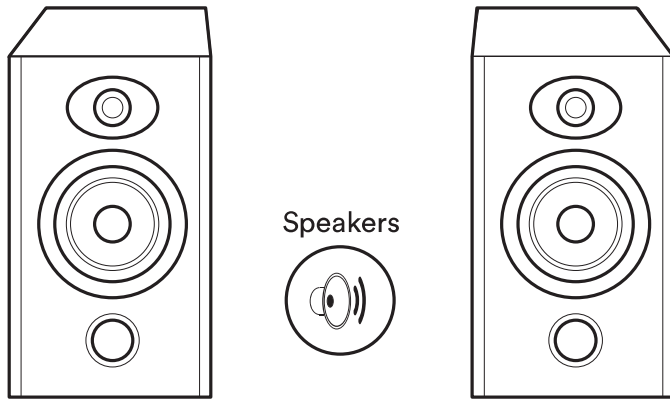

# Remote

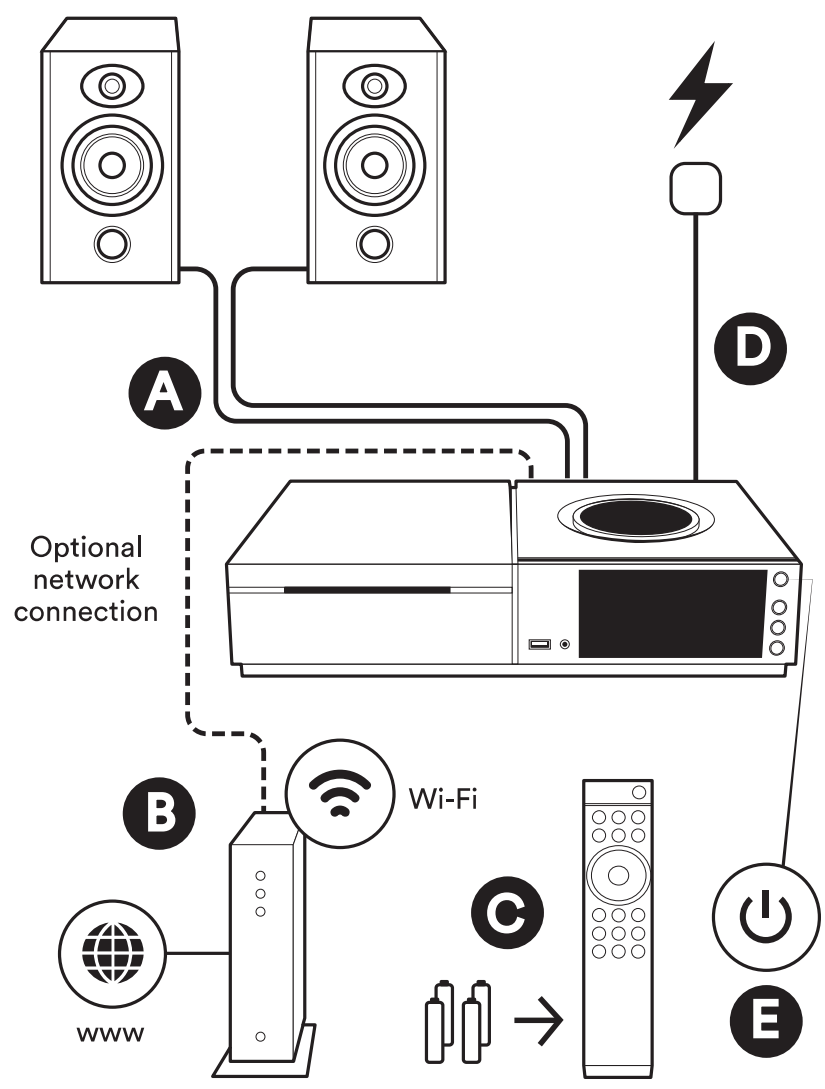

## Simple setup

You will also need speakers with cables, a router with Wi-Fi which is connected to the internet and a smart phone or tablet. Optionally a network cable can be used for a wired connection.

# 4 Connection and power

(A) Connect the speakers to the rear of the unit. (B) Ensure you have a powered and connected Wi-Fi router within range. (C) Load batteries into the remote and (D) connect the power lead to the unit's power socket and to the mains. (E) Then switch on the unit by pressing the power button to the right of the unit's display.

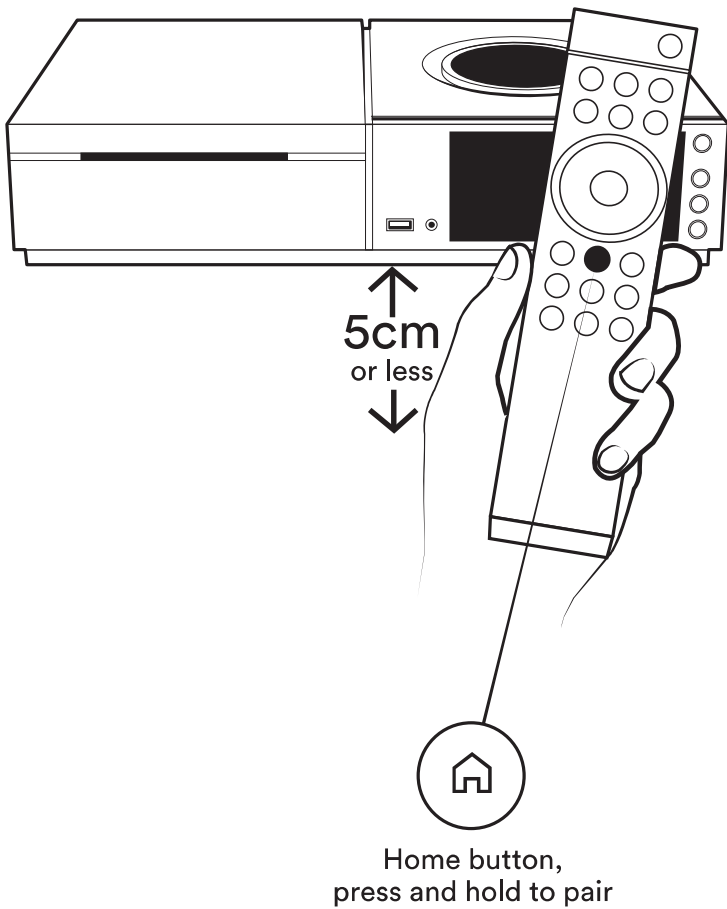

# 5

## Pairing the remote

Once your unit is powered and on, you will need to pair the remote. To do this hold the remote close to the unit's display screen and press the remote's home button for 3 seconds.

The remote is now paired to the unit and ready to use.

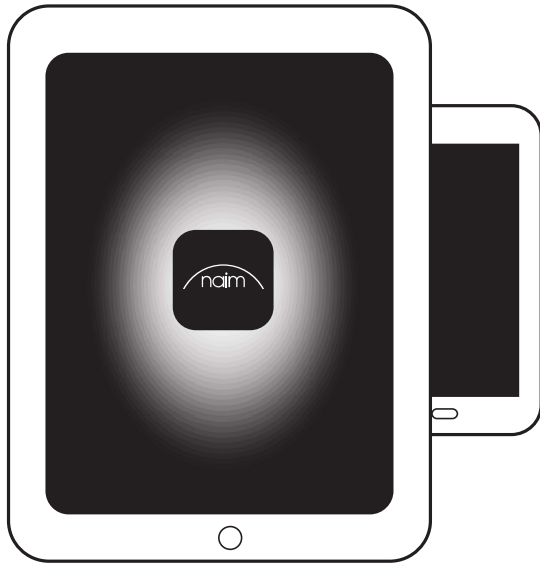

# 6

## Download Naim app

Download and install the Naim app for your iOS or Android device.

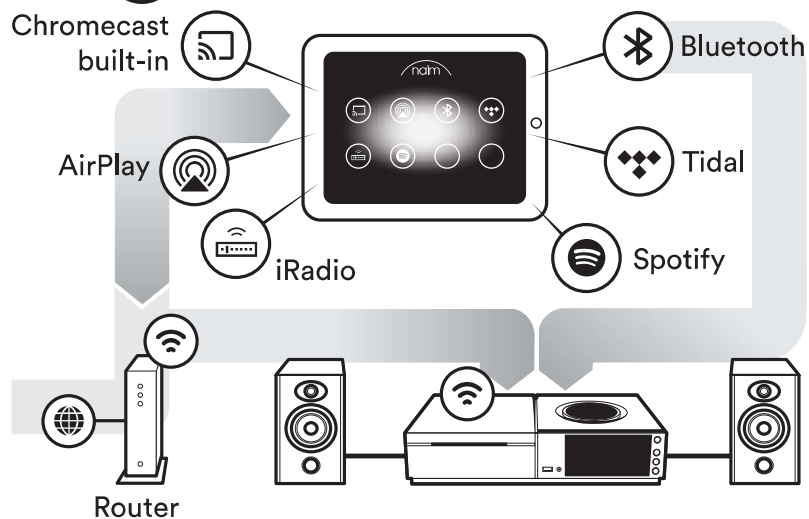

Launch the Naim app and follow the setup instructions to configure the product.

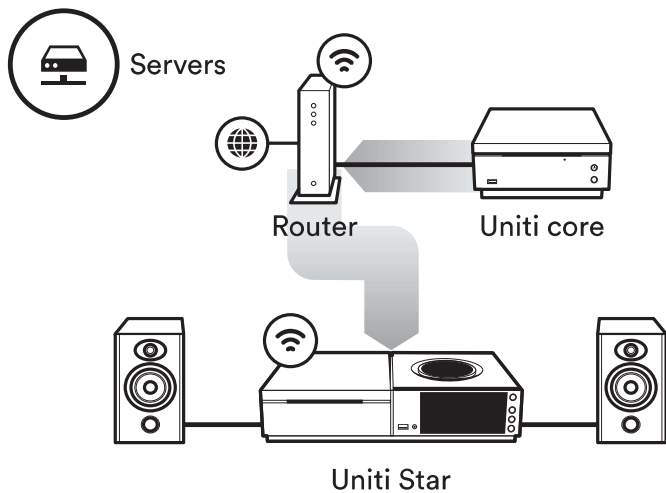

# Playing music

Access all of your music including your favourite streaming services and Internet radio stations, play your stored music from a Naim server (such as a Uniti Core) and be the source for your multiroom system. Uniti Star also includes digital, analogue, CD replay and HDMI connections so you can connect your external sources.

## A Online streaming services

## B Streaming from a music server

**Spotify Connect**  
Use your phone, tablet or computer as a remote control for Spotify. Go to [spotify.com/connect](https://spotify.com/connect) to learn how.

## C Music server for multiroom streaming

Multiroom

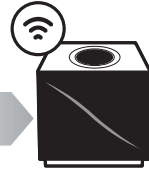

USB drive/  
memory card

Uniti Star

Router

All-in-one wireless system

All-in-one wireless system

## D Playing other sources

HDMI (ARC)  
connection

CD input

TV

Playing CDs
