

Signature 12.2

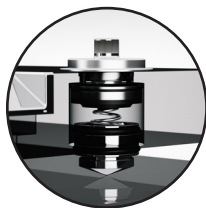

Pro-Ject's high-end flagship turntable

*Pictured with separately available Pick it MC9

3-point pivot tonearm with improved counter-weight system

High end spring loaded, adjustable feet

Elegant and luxurious motor control panel

Made in Europe!

We're more than excited to officially introduce our new flagship turntable, the **Signature 12.2**. We've created the Signature line to **research different high-end turntable technologies**, improve our reference-designs and then have these features trickle down to our more **affordable record players**. The Signature 12.2 represents **highest level of turntable technology** with **exclusive materials and a luxury finish**. The turntable is handmade only by our **best trained people!** All metal parts are hand polished and there are about 100 different CNC parts used – all made in house.

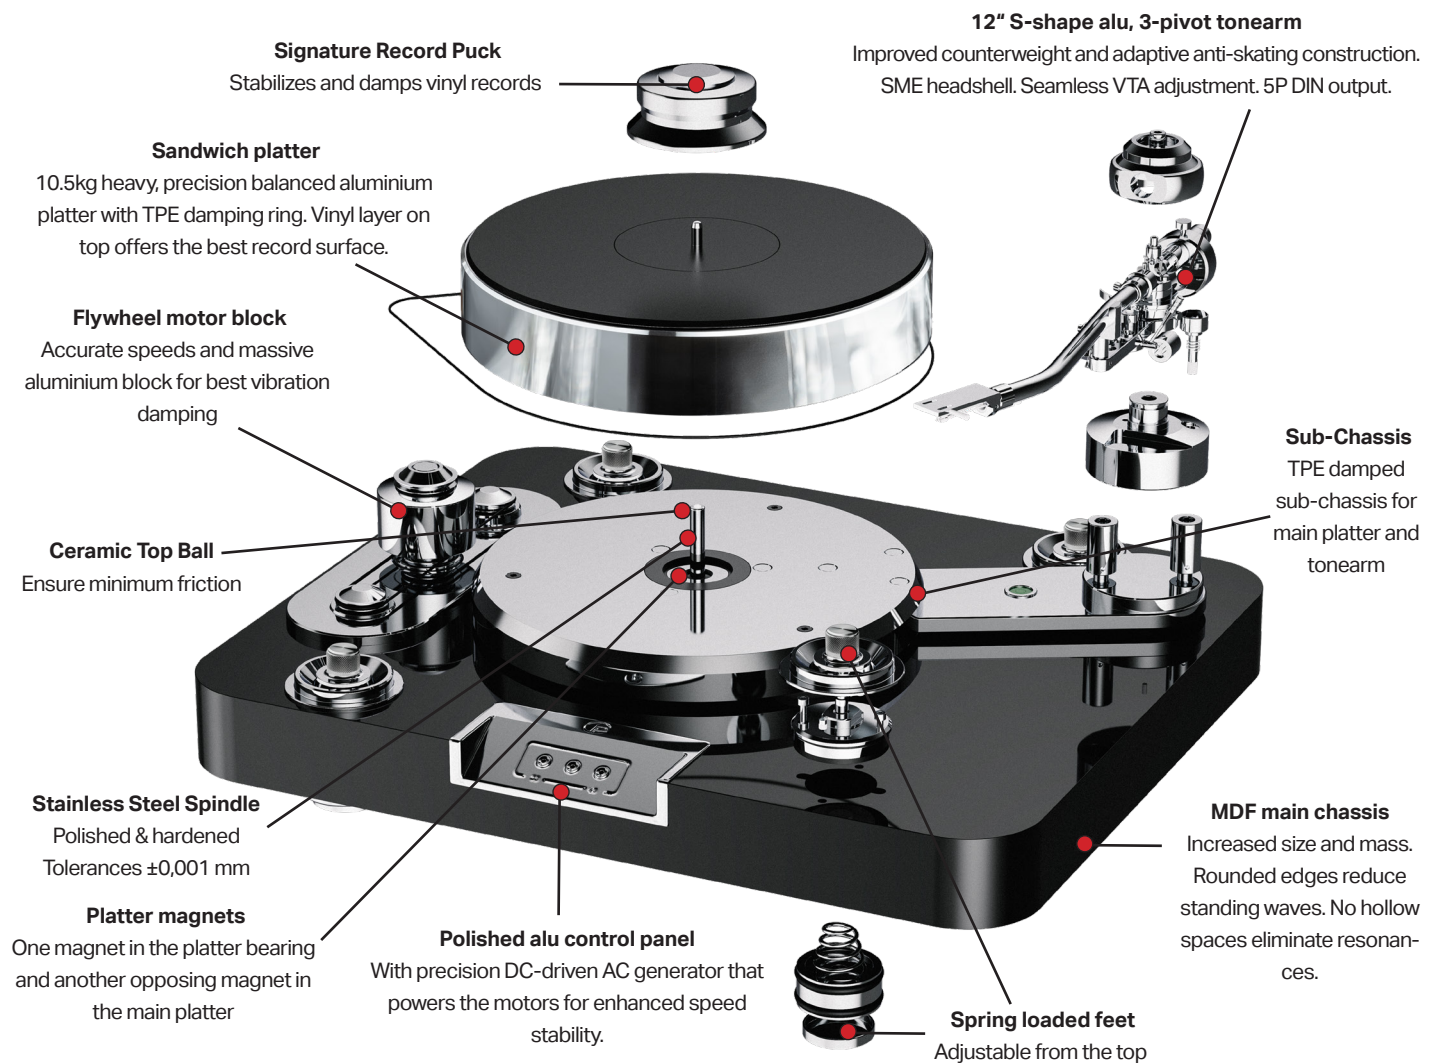

Note, it takes about **2 days** to **hand-polish** and **precision-mount** all the components, and **all components are manufactured in-house** under a strict **4 step QC control** (mechanical, electrical, running-test and listening).

Please read more in the detailed product information under the link below.

Available without cartridge for MSRP 12.000 € (incl. VAT).

At Pro-Ject dealers in November 2024.

Upgrade to TRUE BALANCED

Use your Signature 12.2 in balanced configuration with our **Phono Box RS2** to ignite the full potential!

To do so, get your **True Balanced cable** now!

Contact your dealer for more information or go to:

www.project-audio.com/connect-it

**To use our True Balanced Connection, your Signature 12.2 needs to be equipped with an MC cartridge.*

The history of Pro-Ject

Pro-Ject was founded in 1991, during the onslaught of the compact disc and CD players, with the mission to offer the best analogue experience for a reasonable price. In a time where the digital audio media had been on the rise, and vinyl was declared as outdated and dead, Heinz Lichtenegger kept his belief in the simple but best way to enjoy music – turntables.

We aim to get as many people as possible into the wonderful hobby that is HiFi audio and to deliver a real stereo experience for the lowest cost possible. The best way to start is with a proper turntable. We want to give the customers back the right to choose what they need, without overblowing our products with unnecessary features.

Here at Pro-Ject, we strive to create astonishing products with impeccable value. We only use the best components for the price and manufacture our handmade goods solely in Europe. With an eye for future trends, we are always trying to fit the needs of the market.

Our passion and drive have been recognized by many acclaimed magazines. We have won multiple awards from the renowned HiFi press for our turntables and electronics over the years. Our products have also been used in countless TV shows and movies.

With cutting edge technologies and machines, we can create visually pleasing products without losing the eye for the finest details. We closely work with partners from the music industry, such as Universal Music Group (The Beatles), Third Man Records (Jack White), The Rolling Stones, Parovoz, or the world-famous Hard Rock Café. Many industry leaders also cooperate with us, like the Vienna Philharmonic Orchestra or Ortofon for their jubilees. With these partners, we create special limited edition products to give our customers even more choices.
