

U10

The ArtSound U10 mobile speaker rolls out the red carpet for your voice and your music everywhere. The sturdy wheels, convenient handle, rechargeable battery and two wireless microphones offer limitless possibilities. With peak power up to 300W, it doesn't matter whether your audience is 10 or 100 strong. Treat them to music smoothly via Bluetooth, USB or SD card. Feel free to bring your guitar, extra microphones and any audio source: connections galore. And would you like to have a tripod for even more reach? You can!
