

PC 3.2 CHAT

Stylish PC stereo headset with adjustable microphone

The PC 3.2 Chat stereo on-ear headset is designed for comfort, and is a suitable choice for internet telephony and e-learners. Proprietary transducer technology delivers high quality stereo sound while the unidirectional microphone is designed for passive noise-cancellation for clear communication. The adjustable microphone can be rotated 180 degrees to get it out of the way when not in use.

Plug-and-play simplicity with the dual 3.5 mm jacks ensures that you get online in a moment on your PC. Designed for comfortable and secure fit without slipping, careful material choice ensures the durability of this lightweight headset for the rigors of daily use. Optional combo adaptors for use on the Mac® and cell phones may be purchased off our website.
